Sir,

Sub: INDUSTRIES- Sericulture-Government silk Filatures-Kollegal- Atwood silk Twisting machinery - Erection of.

Ref: G.O.Ms. No. 4436 Development dated 5th October, 51.

The Sericultural Expert, Government silk Filatures, Kollegal has reported that there is not sufficient space in the Government silk Filatures, Kollegal for the installation of both the silk twisting machinery, the erection of which has been sanctioned in the G.O. cited above and the power-looms the purchase of which has been sanctioned by Government in G.O.Ms. No.4025 Development dated 8th September, 51. He has suggested that they may conveniently be erected in the buildings of the old Kollegal Silk Filatures, Mudigundem after dismantling the reeling machinery etc., and especially as twisting and weaving operations are complementary processes. I have accepted the proposal of the Sericultural Expert and permitted him to go ahead in anticipation of Government's approval. I request that my action in this regard may kindly be approved.

The dismantled machinery etc., from the Kollegal silk ~~factory~~ Filatures, will be disposed off to the best advantage. In this connection, I invite reference to para 5 of the audit report of the Accountant-General, on the accounts of the Goverment silk filatures, Kollegal for the year 1948--49 and to orders of Government thereon in G.O;Ms. No.5334 Development dated 29th December, 1950. I shall submit a further report in due course regarding the disposal of the dismantled machinery.

G.O. (Ms) 4965 dated: 9.11.54

Govt. approve the proposal of the Dte that since there is not sufficient space in the Govt. Silk Filatures, Kollegal for the installation of both the Silk Twisting machinery and the powerlooms, they may be erected in the buildings of the old Kollegal Silk Filatures, Mudigundem after dismantling the reeling machinery. Govt. also approve the action of the Dte in having permitted the Sericultural Expert to go ahead with the work in anticipation of Govt's sanction.
